

Junior ISA – Product Guide

Overview

The Junior (stocks & shares) ISA is a tax-efficient savings plan, invested in our With-Profits fund. To be eligible, applicants must be under 18 and resident in the UK.

The Junior ISA can be opened with a lump sum (£1,200 or more) or by paying monthly from £30. You can stop or adjust contributions when you wish and add top-ups of £100 or more at any time. The maximum annual contribution is the current Junior ISA limit of £9,000. The limit does not apply to previous years' ISA transfers.

It is important to note that in a tax year (6th April to 5th April), total contributions must not exceed the maximum allowance.

Children can only hold one of each Junior ISA type or a Child Trust Fund (CTF) at any time. Therefore, existing Stocks and Shares Junior ISAs or CTFs must be transferred to us before opening our Junior ISA.

Bonuses

At the end of each calendar year, we typically add an annual bonus to the investment. Please note that once added, annual bonuses cannot be taken away.

Bonuses are compounded, so that in subsequent years bonuses are earned on bonuses. We also typically pay a final bonus when you cash in or transfer ISAs that have been held over the medium-to-long-term.

The Junior ISA remains until the Child's 18th birthday, when it automatically converts to an "adult" ISA with full ISA tax advantages, with the Child able to cash-in in part or in full or leave invested. The Junior ISA should be considered as a medium-to-long-term investment of at least five years.

We aim to be fair to all our members and to uphold the promises made to them when they took out their plan. However, any payments made to customers by way of an annual or final bonus must reflect the way in which the value of the with-profits fund has performed throughout the period of investment.

Risks

The Junior ISA is classed as medium risk and returns are based on investment performance. Please note that if you transfer during the early years, the policyholder may get back less than the amount saved.

Normally the plan value will not be less than the money paid in plus all annual bonuses. However, we reserve the right to apply a Market Value Reduction (MVR) during a period of adverse investment experience so that the value when you cash in more fairly reflects our performance over the period of investment. On past experience this is only likely to affect transfers during the early years.

Our Fund

With-Profits investments are a method of providing a saver with access to a fund which aims to provide consistent, stable returns on savings over the medium to long term.

We aim to avoid large changes in the amounts paid on comparable plans from year to year. This is known as "smoothing" and is designed to protect members from some of the sudden movements in the stock-market. In practice, smoothing means that we hold back some of the high investment returns from the good years and use them to boost with-profits payments in years when returns are lower.

Tax

There is no liability for Income or Capital Gains Tax during the life of the plan, nor on cashing it in. This ISA should not be taken into account when completing a Tax Return.

A payment on death would be paid into the policyholder's estate which may be subject to Inheritance Tax.

This information is correct to the best of our knowledge at the time of printing; however, any aspect of tax treatment could be changed by the Government at any time. In any doubt, you are strongly encouraged to seek advice on tax matters.

Transfers

It is possible to transfer a Cash or a Stocks & Shares ISA to us from another provider and only contributions in the current tax year (6th April to 5th April) will count towards the annual Junior ISA limit. Policyholder's have the option to transfer their ISA to another provider, but please remember that our ISA is designed as a medium to long term investment.

Withdrawing

Withdrawals are not permitted prior to the Child's 18th birthday. Once aged 18, they can contact us at any time to cash in part, or all the plan. They can invest for as long as you want as there is no fixed term or maximum age limit.

To make a full or partial withdrawal please call us on 01689 891454. Alternatively, send an email to info@mpfs.org.uk and our team will be able to help.

The following deductions apply to the transfer of funds during the first 24 months of opening the plan:

- 5% during the first 12 months
- 3% from months 13-24.

During times of adverse market conditions, we reserve the right to also apply an MVR so that the value when cashed in more fairly reflects our performance over the period of investment.

Insurance Benefits

Upon death the current value of the plan will be paid to the Child's estate. If this occurs, charges will not apply. Also, the death benefit would not be reduced by any applicable MVR.
